The decision was based upon the fact that most institutions will cover MASFAA costs while few can afford NASFAA.

The form must be signed by both the member and the appropriate committee chairman or President. Once the form is signed, it should be forwarded to the Treasurer.

FINANCIAL AID TRAINING FOR SCHOOL COUNSELORS

A policy was approved in February 1984, that each site sponsoring a school counselor workshop be encouraged to absorb as much of the cost as fiscally possible, but that they may request reimbursement up to \$200. In November 2001 it was amended that reimbursement for school counselor workshop would be up to \$500. In March 2003, it was clarified that every attempt would be made to find member schools in all areas of the state. If no member school could be identified, then non-member schools would be given the opportunity to host a workshop and would be permitted to request reimbursement up to \$500. As a cost saving measure the reimbursement for the school was capped at \$100 in the July 18, 2008 executive meeting. Added to the amendment was to change the title of the section to Financial Aid Counselor Workshops.

Effective October 27, 2015 after the above motion was approved – it was approved to change the name to Financial Aid Training for Counselors.
WVASFAA PERMANENT ADDRESS

In January 1986, it was suggested that the Association have a permanent address for business purposes and to have an address that is not affiliated directly with a particular institution. Charleston was selected where someone at the Higher Education Policy Commission would be responsible for rerouting the mail to the appropriate person(s) (UPDATED 03/26/08 – Treasurer and the President or the President's designee will be responsible for picking up and distributing mail. The official address for WVASFAA is: WVASFAA, PO Box5 Glenville, WV 26351 (UPDATED 07/18).

WVASFAA SCHOLARSHIP

In order to increase attendance at financial aid workshops, in June 1993, it was approved to create a

\$500 WVASFAA sponsored scholarship (application available at www.wvasfaa.org). At the end of each presentation conducted by a WVASFAA member, a name is to be drawn and submitted to the WVASFAA President to be put in for a statewide drawing later at the spring conference. The student, parent or guardian must be present at the end of each workshop to qualify. Information to be forwarded to the President should include name, address, college selection and other pertinent information. The student must plan to attend a public or private college, technical education center or proprietary school in West Virginia. In March 2001, it was approved to offer two \$500 WVASFAA sponsored scholarships. The second scholarship will be known as the Nathaniel "Nate" Jackson Memorial Scholarship named after the 1975-76 WVASFAA President. In June 2005, it was decided that WVASFAA would add two additional scholarships for a total of four, and that the state would be divided into four regions, with one student being selected from each region. The student's high school will determine into which regional drawing the student will be included.

Effective 06/15/07 – to name a scholarship suggestions are given to the Awards Committee chair to forward to executive committee for approval. As a cost saving measure, WVASFAA

scholarships were discontinued at the July 18, 2008 Executive Meeting.

WEBSITE

It was agreed that in order to ensure continuity of website development the Past President and the Web Committee Chair would monitor and set web policy. In April 2006 the following web policy was adopted. The primary purpose of the WVASFAA Website (www.wvasfaa.org) is to be a reference and resource tool for WVASFAA members. The site should maintain the focus of providing timely Association information and financial aid news for its members. The site should also take advantage of current technology offering electronic/interactive tools (such as online forms or registrations). A secondary purpose of the Website is to provide resources for non-members, parents, and students seeking information on financial aid. Every effort will be made to ensure the Website reflects the Association's mission and goals. The President, Past-President, Elected Officers, Site Chair and Program Chair shall be granted access to the Web Administrative Services area of the website. The Exhibitor's area of the website will list those companies who have provided sponsorship at the most recent conference, if logo is provided.

WVASFAA Listserv

(EFFECTIVE 0207) The WVASFAA Listserv is intended as an efficient method for WVASFAA members to quickly disseminate relevant information to fellow WVASFAA members. The listserv is a mass mailing list of WVASFAA members who have paid membership dues for the current year. This means that you can send an email message to a single email address, and have it received by everyone who is currently a WVASFAA member. You must be a "paid" member in order to send messages to the listserv.

IMPORTANT: The listserv is for current WVASFAA members and is updated regularly as membership changes. If you have paid for membership with WVASFAA and are not receiving listserv messages, or you are having difficulty posting messages to the listserv, email support@wvasfaa.org.

Because of the nature of the listserv, you should be cautious about the types of messages you send to it. Any message you send to the listserv should be relevant to the administration of financial aid or to upcoming WVASFAA activities. Never send virus warnings, jokes, chain letters, or personal messages via the listserv. Because we have many members currently subscribed to the listserv, irrelevant messages are an annoyance. If you have questions about appropriate content for listserv messages, please email support@wvasfaa.org.

The WVASFAA Listserv is available for use by WVASFAA members. To post a message to the list, go to: <http://www.wvasfaa.org/ListLock/drop/ListLock.html>. You will need your Username, Password and current membership. *Please read the following before proceeding.*

New security features have been put in place to prevent the spread of viruses and spam. Please take time to read about the new ListLock system.

- ListLock was developed as a result of thousands of requests from individuals and institutions whose servers and email were being bogged down by unsolicited spam and virus messages. Institutions have been forced to put stringent restrictions on incoming mail, including rejecting mail with any type of attachment. ListLock addresses those issues.

- All messages will be posted through the ListLock Submission interface, requiring your Username, Password and current membership.
- Only text messages will be distributed to the list, eliminating the problem of many institution's servers rejecting messages with attachments. Follow the simple instructions for complete the submission form.
- To share any files that would normally be included as an attachment, please complete step 2 (optional). Your .doc, .pdf, .rtf, .jpg or .txt file can be uploaded by browsing your computer and locating the file. A link to the uploaded file will be automatically included in your email message to the list. The uploaded file will be available for 10 days.
- When a person receives your message, they can click on the link to view the uploaded file, which can be saved on a person's computer by using their browser's "save as" option.
- **Only messages posted through ListLock will be distributed to the listserv.** For security, emails sent directly to the list or replies to the list will be automatically discarded.
- Note: The time until your message actually posts to the list is dependent on the number of messages in the queue on the server. At peak times there may be delays.
- If you need assistance, contact support@wvasfaa.org.
